Yes, totally. When I set it up, I had made it just staff, and when Tim emailed today it occurred to me that you might want to sit in. But yes, feel free to skip.

Hi Laura,

I was thinking that I would skip this meeting and you can update me afterwards or tomorrow.
Sound okay?

Hi all,

This meeting could be to discuss what we've each been able to review so far, see what questions we have, see if we can answer each other's questions, potentially determine what each of us needs to focus on as we review, & any next steps.

I forwarded the link to Chris and Chad; I'm hoping Chris can help with AERMOD review and Chad, FYI (if you have time).

I will set up a location for Ann Arbor.
